# Sandy Fire District No. 72

**Budget Message: FY 2019-2020** 

# **Introduction**

The Sandy Fire District No. 72 budget for FY 2019-2020 continues to show positive change, reflective of the state of the economy. The District maintains a strong desire to eliminate the District's dependency on the tax anticipation Line of Credit with a healthy unappropriated ending fund balance. The District's priorities continue to be firefighter safety, maintain operations, and the maintenance of the District's major assets such as apparatus and facilities. The District is projecting a 3.50 % annual growth increase based on the County Assessor's report.

The District's **Beginning Fund Balance** (Cash on Hand) for FY 2019-2020 is estimated to be \$ 2,000,000. These funds are what the District uses to operate from July 1<sup>st</sup> to November 15<sup>th</sup>. Currently approximately **\$1,229,000** is required to maintain District services until the first large tax revenues are received from the county in mid-November. The District will receive minimal tax revenues prior to November. The District does not anticipate the need to use the Tax Anticipation Line of Credit.

# Tax Anticipation Line of Credit

Tax-funded organizations sometimes are required to borrow money to maintain cash flow until significant tax revenues are received in November. This Line of Credit might also be used if some unforeseen major financial situation occurred prior to mid-November.

Oregon Budget Law does not require these funds to be shown as a resource or as an expense. The reliance on this form of funding should be limited as much as possible.

It is the intent of the District to use the Line of Credit only as a last resort for an unforeseen event.

# **Uncollectable Taxes**

When taxpayers pay their entire property tax bill at once they receive a discount, which in turn is lost revenue for the District. Some taxpayers do not pay all their property taxes on time, or they may defer them to later years which again is lost revenue for the District in that taxing year. These taxes are eventually paid over the next several years, and/or when the property sells.

The District is estimating uncollected property taxes to be approximately 6% of the total taxes levied or \$232,382. The District also estimates that it will receive approximately \$45,000 from prior years property taxes levied.

# **Personnel Services**

You will see an increase in Personnel Services this year for a couple reasons. This is a negotiating year with our bargaining unit and at the time of writing this budget message we do not have a signed contract. This budget is based on a 3% increase. For the administrative staff we have budgeted a Cost of Living increase.

The District's state mandated contribution rate for the Public Employees Retirement System (PERS) is at 25.58 % of wages for Tier 1 and 2 employees. OPSRP is 18.48% for Police & Fire and 13.75 % for general service employees. We are budgeting \$ 130,000 for the PERS unfunded liability.

This year we have changed our health care provider from Moda to Regence. This year medical and dental increased 4.75 % (medical) and 1.6 % (dental).

A separation pay line item will continue to be funded for planned and/or unplanned retirements, as well as other reasons an employee stops their employment with the District.

# **Materials & Services**

We have adjusted several justifications cards to match actual expenses now that we are back in the station.

We are updating our technology with some new programs that are budgeted for this year. The first is a staffing scheduler and resource management tool. The other is a GPS tracking platform that is more user friendly than the system we are currently using.

# **Capital Outlay**

We do not have any items budgeted for Capital Outlay.

# **Reserve Funds**

Apparatus & Equipment Reserve Fund — For FY 2019-2020 we continue to have any funds received from our Fees for Service go directly into the Apparatus & Equipment Fund. We are planning the sale of some apparatus and equipment those amounts are included in the resources for the Apparatus & Equipment Reserve Fund. We are planning a transfer of \$ 200,000 to the Apparatus & Equipment Reserve Fund to allow for the purchase of some upcoming apparatus and equipment needs. We are planning the purchase of a new engine and new command vehicle in FY 2019-20. A Type VI Brush vehicle will be planned for FY 2020-21 and we are saving to replace our SCBA bottles in 2021.

Land & Facilities – We are planning on \$42,751 transfer into the Land & Facilities Reserve Fund.

*McCullough Reserve Fund* – The revenue source for this fund is from donations from the community. We are planning the purchase of a new AED out of this fund for FY 2019-2020.

Personnel Services Fund – The Personnel Services Reserve Fund was established in FY 2015-2016. The District will maintain the \$100,000 CD.

Seismic Rehabilitation Reserve Fund – Seismic Rehabilitation Reserve Fund was added in 2016/17 budget because the District was successful in obtaining a \$1,186,393 Seismic Rehabilitation Grant through the State of Oregon. We have spent the balance of this grant and it will continue being part of the Legal Budget for 3 years.

LOSAP Reserve Fund — This was a new fund in FY 2018-2019 however after discussion with our auditor it was decided that we do not need this fund. No money was put in this fund, but it will continue being part of the Legal Budget until next year.

# **Contingency Fund**

The Contingency Fund is **\$170,000** for FY 2019-2020. We feel this better prepares the District financially for any unforeseen events.

# **The District's Financial Priorities for FY 2019-2020**

- 1. Transparency in the Financial Plan and its process.
- 2. Maintain and increase the Unappropriated Ending Fund Balance as needed with future growth.
- 3. Keep debt minimal, while maintaining excellent service.
- 4. Continue funding of Reserve Funds to match 5-year financial plan.
- 5. Maintaining appropriate funding to the Contingency Fund.

# **Assessed Valuation and Tax Rate History**

Data is provided to the District by the Clackamas County Assessor's Office.

Year	Assessed Value	<b>Growth Limit</b>	New Growth-Construction
09-10	\$1,212,460,747	3%	0.5%

18-19	\$1,718,511,837	3%	0.50%

(Permanent tax rate is \$2.1775/1,000 AV)

The District will request Clackamas County to certify \$3,873,032 for collection on the FY 2019-2020 District tax roll.

The predominate consolidated general government tax rate within the District is \$6.0030 per thousand dollar of assessed value. The Measure 5 (M-5) limit test is calculated individually on every property, so depending on the relationship of Real Market Value to Assessed Value, 2018-19 compression loss due to exceeding Measure limits was: \$ (\$1,302.39)

In FY 2019-20 we have separated the subscriptions and dues to separate justification cards. We have added a subscription cost for a program called Intterra. This is a GPS platform that will be used by three different counties 911 systems, and fire districts. This is a user-friendly program that will assist with driveway updates, fire preplans, and updating information as we respond on alarms. We have also added a scheduling and resource management program that will help with scheduling vacation, sick, or training hours of our paid staff as we increase staffing. This also will have a tie to our payroll system.
